

THE GAMBIA CONSUMER PRICE INDEX (CPI) June 2021

REPUBLIC OF THE GAMBIA

Important announcement

With the publication of the January 2020 index, GBoS has updated the official CPI series. This involves updating the weights and product basket as well as a number of methodological improvements. These updates improve the transparency, relevance and representativity of the CPI. For the first time, GBoS will also be calculating CPI indexes for urban and rural areas. These estimates are available on our website. See www.gbosdata.org/downloads, www.gambia.opendataforafrica.org/nsdp or the Annex to this release for full details.

To highlight these improvements, the long run CPI index has been re-referenced (rescaled) to January 2020=100. Please note that historical inflation rates are unaffected by this rescaling.

Please visit our website for the full CPI series.

The Gambia Bureau of Statistics presents to users the Consumer Price Index (CPI) based on January 2019 =100 (Re-referenced to January 2020=100). The CPI is published on 15th of every month for the preceding month
